

## TRAFFIC DOCKET'S CASES FALLING OFF

117 Accusations Recorded on Monday—Way Below the Average.

### ACCIDENTS ON DECREASE

With traffic accidents on the decrease, the Police Court docket for Monday showed a total of one hundred and seventeen persons charged with violating the traffic regulations. Sunday, Sergt. Scriven, detailed to Assistant Corporation Counsel Hart's office, and having charge of the record, says that this was away below the average.

As is usual every day, violation of the speed regulations led all the other cases, with sixty violators. Failure to carry the proper lights was next, with sixteen.

Other cases were: Obstructing traffic, nine; Violating rules, six; Operating without a permit, five; Failure to keep fifteen feet away from a loading and unloading street car, five; Without a license tag, two; Failure to observe the signal of a crossing, one; Wrongfully using a one-way street, one; Operating on the wrong side of a street, one; Cutting open, two; Wrongfully turning corners, three; Failure to keep fifteen feet away from a car ahead while running, one.

In practically all of these cases the defendants who put up a small collateral when arrested forfeited the same and did not appear in court. Only two traffic accidents were included in police reports last night. Miss Elsie M. Simon, 28 Florida avenue, northeast, walked against the automobile of Melvin Bennett, 324 13th street southwest, in front of the bureau of engineering, and was hurt. She received first aid in the dispensary in the bureau.

Police Auto Hit. One of the small touring cars of the police department was struck by a sightseeing automobile near the 14th street entrance to the District building this morning and badly damaged. The accident occurred as the police car was backing from the curb, where it was parked. Its occupants escaped injury.

### FIRE ENDANGERS FAMILY.

B. R. Buck, Wife and Children Helped Out Through Window. Members of the family of B. R. Buck, second floor of 654 H street northeast, were awakened this morning about 6 o'clock by smoke. Mrs. Buck, the first to be aroused, called her husband and two children and made preparations to leave the apartment. Dense smoke cut off their only exit, but Walter J. Norris, residing in the adjoining house, assisted them from a window to the roof of a bay window and took them to his home.

An alarm was sounded and several companies of firemen soon were at work fighting a fire in the store room of the drug firm of Buck & Gorsuch, the rear room on the first floor of the building. Several small explosions of chemicals added excitement to the fire, but their force was not sufficient to cause much damage. The fire was confined to the store room. Origin of the fire was not determined. Damage to the building and stock was estimated at \$1,000.

### F. DE MOHRENSCHILDT DEAD.

Former Russian Embassy Official Was Son-in-Law of Mr. McAdoo. NEW YORK, March 5.—Ferdinand De Mohrenschildt, son-in-law of William G. McAdoo, former Secretary of the Treasury, died of pneumonia yesterday at his home here. Mr. De Mohrenschildt was born in Russia, in 1885. In 1915 he was second secretary to the Russian Embassy at Washington. He married Miss Nina McAdoo on May 12, 1917. He resigned his post after the Bolshevik revolution in Russia.

## MANUFACTURERS IN D. C. IS AIM OF ASSOCIATION

Committee to Investigate Conditions and to Inquire Regarding Eligible Sites for Plants.

Washington as a manufacturing center is the aim of the Merchants and Manufacturers' Association. A committee has been appointed by the board of governors of the association for the promotion of manufacturing interests in the District of Columbia. The members are R. F. Andrews, chairman; E. C. Grahame, O. W. Wright, Sidney W. Strauss, H. C. C. Stiles and M. A. Leese.

All manufacturers in the District of Columbia are requested by the association to write and state what articles are being made, size of plant, location and production figures. A closer touch and get-together spirit can be effected in this way, it is stated.

Available Sites Sought. The association also is desirous of learning what sites are available for plants, acreage, number of buildings on site, transportation facilities, whether the site is situated near railroads, and what terms the owners are willing to make. Several locations along the Potomac and just over the District line in Maryland have been offered to the association, the owners realizing that the erection of factory buildings and corresponding activity will increase the value of their land.

An extensive campaign is planned by the association to acquaint the people of other cities of the advantages of Washington as a manufacturing center and to point out to them what has already been accomplished.

The association thinks that Washington, with its ideal living conditions, advantages and other attractions, is far in advance of the average manufacturing city. The association will not do this, as they will, naturally, be situated some distance out of the city proper.

Committee Members Practical Men. It is pointed out by the association that all the men on the committee are manufacturers themselves, and, therefore, have an intimate knowledge of the business. Robert Berberich, president of the association, has resigned as director of Chamber of Commerce and as chairman of the advertising vigilance committee of the Ad Club of Washington. In order that he may devote more time to the activities of the association.

In spite of the drive for manufacturing interests, the retail trade will not be neglected. It is stated by the association. The following committee have been appointed: Revision of by-laws—M. D. Rosenberg, chairman; George De Neale and Joseph Kaufman. Extension of retail trade of the District of Columbia—Lester Lansburgh, chairman; Harry C. Grove, Louis Hirsch, Harry W. Hahn, W. B. McKimley, Frank R. Jelliff, Phil King and F. M. Lowe.

Had check law—David Sanger, chairman; C. F. Keefe, Samuel Zirkin, Herbert J. Rich and Leo Baum. GIVES A SONG RECITAL. Naomi Keleher Herring Well Received by Large Audience. Naomi Keleher Herring, dramatic soprano, gave a song recital in the ballroom of the New Willard Hotel last night, assisted by Peter Warshaw, tenor, with Lesley Martin as accompanist. The recital was in the nature of a debut here for the young soprano, who is the daughter of John W. Keleher of this city.

The large audience showed its appreciation of the singer's voice in songs from Saint Saens' "Sampson et Delilah," Leconte de Lisle's "La Boheme," Puccini's "La Boheme," and Mascagni's "Cavalleria Rusticana." Several groups of songs were sung with effect. The concluding number was a duo by the singers.

### How You Can Quickly Remove Hairy Growths

(Aids to Beauty) A well-known beauty specialist advises this treatment for the removal of hair from the face. Mix into a paste some powdered deodorant and water, apply to hairy surface and after about two minutes rub off. Wash the skin and every trace of hair has vanished. This method is quick and entirely safe. To avoid disappointment, however, it is well to make certain you get genuine deodorant.—Advertisement.

## ITALIAN GENERAL PRESENTING VALOR MEDALS TO FATHERS OF UNITED STATES AVIATORS KILLED IN ITALY.

Lieut. De Witt Coleman, Jr., of Tenafly, N. J., and Lieut. James Bahl of Wooster, Ohio, were in the aerial service of the United States Army. Both lost their lives in action in Italy. Gen. Guglielmotti of the Italian military mission is seen here presenting to the fathers of these aviator heroes medals for valor bestowed by the Italian government. The presentation was made at the city hall, New York, in the name of the King of Italy.

### FOOD TAKEN FOR ARMY USE.

Large Consignment From Ukraine Requisitioned in Moscow. BERN, Tuesday, March 4.—A large consignment of food has reached Moscow from Ukraine, where it was requisitioned by the Bolshevik army.

according to a telegram given out here by the Ukrainian press bureau today. The shipment consisted of sixty carloads of flour, two of manufactured articles and thirty of sugar. The requisitioning of these supplies was approved by M. Rabowski, premier of the Ukrainian soviet ministry, it is said.

## NATION'S CLOCKS AGAIN TO BE ADVANCED AN HOUR

Failure of Congress to Repeal Act Continues "Daylight Saving" for Another Year.

Failure of Congress before final adjournment to take any action on pending bills providing for repeal of the daylight saving act made certain that the nation's clocks again would be advanced an hour during the period between the last Sunday in March and the last Sunday in October.

Opposition of farming interests to the daylight saving act, on the grounds that it was of no benefit to the people of rural communities, led to the introduction of several bills providing for its repeal, but all of them failed.

During the final hour in the House an effort was made to pass a bill establishing an insurance reserve fund in the war risk insurance bureau, and permitting designation of persons other than immediate relatives of a policy holder as a beneficiary. The bill had passed the Senate, but Representatives Parker of New Jersey and Foreney of Michigan, opposing it, talked until near adjournment, and Representative Bayburn of Texas withdrew it from further consideration, declaring dilatory tactics of the republicans prevented its passage.

Jeannette Rankin of Montana, the only woman who ever served in Congress, made her farewell speech in the House just before adjournment. She paid a tribute to the membership for courtesy shown her and expressed regret at leaving Congress without woman suffrage by constitutional amendment, an accomplished fact.

### Balloon Bed in Rhine Fortress.

COBLENZ, January 27 (Correspondence of the Associated Press).—A corner of the fortress of Ehrenbreitstein, known as the "Gibraltar of the Rhine," just across the river from Coblenz, has been converted into a "bed" for an American observation balloon used daily in making practice ascensions. The fortress proper is occupied by several companies of pioneer troops, but the balloon "bed" takes up only a small portion of the enormous rocky promontory.

## PRESIDENT CHEERS UP WOUNDED WASHINGTON BOY

Lieut. Theodore L. Cogswell, a Washington boy, who lies in a hospital in Paris, recovering from a serious wound received at Chateau Thierry, is enjoying the reading of a bundle of Washington newspapers graciously sent to him by Mrs. Wilson. Before leaving Paris President Wilson and his wife paid a visit to the hospital, and as they approached the ward where young Cogswell lay the President had become separated from Mrs. Wilson.

## ORGANIZED BODY FIGHTS CHAMP CLARK AS LEADER

Minority in Next Congress to Force House Contest—H. T. Rainey Rival Candidate.

There is a movement on foot among members of the House in the next Congress to oppose Champ Clark for the position of minority leader. Representative Henry T. Rainey of Illinois, a member of the ways and means committee, has been selected as the rival candidate.

Opposition to Champ Clark has been brewing for more than a month, but the organization of the opposition has been carried on very secretly. House Leader Kitchen already has announced that he will not oppose Champ Clark for the post as floor leader and has declared that he will support him. Practically all of the democrats who have been leaders during the last two Congresses are supporting Champ Clark.

## W. B. Moses & Sons The Linen Shop
